SERENDIPITY MEDICAL SPA REFERRAL PROGRAM

We are the island's premier medical spa and our goal is to help our clients achieve their desire for lifelong beauty, health and wellness through application of the most advanced products and services on the market today. Our referral program is easy ~ simply have your referral mention your name when they make their initial appointment with us and we will automatically set up your referral account. From there, the referral details are as follows:

- You'll receive 10% of the services for the referred patient's initial visit with a maximum credit of \$100 per referral. Credit given on initial visit only.
- We will keep track of your accumulated referral dollars and at any time can give you your total to date.
- Each time you visit Serendipity Medical Spa, you can use your referral dollars to pay for up to 50% of your total services that day (*not applicable toward products*).
